SKILLS

- **Programming Languages:** C++, JavaScript, C, PHP
- **Frontend Technologies:** HTML and CSS, Bootstrap, NodeJS, React, JSON
- **Backend Technologies:** Node.js
- **Tools/Platforms:** Git, GitHub
- **Databases:** MySQL, MongoDB
- **Soft Skills:** Problem-Solver, Strong work ethic, Quick learner, Team Player, Adaptability

PROJECT

- **ClubHub- Club Membership System** [\[GitHub\]](#) Dec 25
Designed a comprehensive club management system to handle membership locations, dues collection, event planning, and member communication efficiently. Implemented committee management modules and streamlined workflows to improve coordination across multiple clubs. Built an interactive platform allowing users to explore, select, and register for various clubs, enhancing overall user experience and engagement.
Tech: HTML, React.js, Node.js, JavaScript, Socket.io, MongoDB
- **TaskFlow: Real Time Task Management System** [\[GitHub\]](#) Jul 25
Designed a collaborative task management platform with boards, lists, and drag-and-drop cards to streamline team workflows. Implemented real-time multi-user collaboration using Socket.io, enabling instant updates. Built activity tracking, deadline management, and role-based access control to enhance team productivity and secure task handling.
Tech: React.js, Node.js, Express.js, MongoDB, Socket.io
- **CareerConnect- Job searching Platform** [\[GitHub\]](#) Mar 25
Designed a student-centric web platform focused on simplifying job and internship discovery through a clean and intuitive interface. Implemented personalized search functionality to deliver relevant employment opportunities. Built a dynamic web application providing access to a wide range of jobs and internships, enhancing career accessibility for students.
Tech: HTML, CSS, Java Script, PHP

CERTIFICATES

- FrontEnd Development Libraries V8 - [FreeCodeCamp](#) Mar 26
- Privacy and Security in Online Social-Media - [NPTEL](#) Oct 25
- Build Generative AI Apps and Solutions with No-Code. - [Infosys](#) Aug 25

ACHIEVEMENTS

- **Solved 200+ problems on LeetCode:** Consistently solved data structures and algorithms problems on LeetCode Mar 26
- **Secured First position in Hack-A-hunt:** Ranked first among 200 participants for efficient coding skills Sep 24

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.85**

Presentation Convent School

Intermediate; **Percentage: 94**

Presentation Convent School

Matriculation; **Percentage: 95**
